

## SOUTHWEST WASHINGTON REGIONAL TRANSPORTATION PLANNING ORGANIZATION REGIONAL TRANSPORTATION PLAN

### GRAYS HARBOR COUNTY TRANSPORTATION PROJECTS - *REGIONAL PRIORITIES*

#### Short-Term Projects

- ***US 101 Downtown Corridor, Phase III*** (City of Cosmopolis) - Complete the city's downtown revitalization project to spur much needed economic development investments.
- ***Port Industrial Road, Phase I*** (Port of Grays Harbor) - Strategic Analysis of the route has been completed. Highest ranking alternative calls for addition of a third lane along this heavily used freight corridor to allow for turning movements and vehicle cueing.
- ***Grays Harbor Hidden Coast Scenic Byway, SR 109 CMP*** (GHCOG) - Development of a Corridor Management Plan to address rapid growth along this Scenic and Recreational Highway route. Improving mobility and safety and increasing economic benefit are key issues.
- ***Westport SR 105 Spur, phase II*** (City of Westport) - Complete Phase 2 of this 5 phase project to increase safety and separate pedestrian activity from the State Route. This phase is part of a larger, planned project slated to continue along SR 105 through the commercial core of Westport.
- ***Middle Satsop Road*** (Grays Harbor County) – Realign roadway bypassing .65 mile of structurally deficient road. Road is a freight route, serves as additional access route to Shelton and is a High accident location.
- ***Grays Harbor Transit Authority Rolling Stock and Operations*** – Maintain Federal Transit Authority Coordinated Planning grants to secure programs funds over incremental six-year period for the replacement of fleet vehicles and operations funding.
- ***Aberdeen Downtown Revitalization Project (City of Aberdeen)*** – Complete the city's downtown revitalization project from Wishkah to Heron Streets. Project includes pedestrian safety improvements, aesthetics, landscaping, lighting and signing.

#### Long-Term Projects

- ***Aberdeen – Hoquiam Industrial Corridor*** – Revisit initial plan as completed in 1999 to address safety and congestion issues along portions of US 101, US 12, and SR 109, through the cities of Aberdeen and Hoquiam.
- ***System Wide*** – Implement Southwest Washington Regional Transportation Planning Organization rural passing lane policy.
- ***US 101 & SR 107*** – Reconfigure access to alleviate chokepoint.
